

# HYGAIN MK-80

## 80 M. KIT FOR AV-14AVQ

The MK-80 is an 80 Meter Add-On kit for the AV-14AVQ. The kit contains all of the necessary parts and instructions to make a Hygain AV-14AVQ vertical resonate on 80 meters. The 80 meter kit features stainless steel hardware and hose clamps. The loading coil is wound onto a 1 inch fiberglass tube using #14 Teflon insulated wire for extended life. The antenna is capable of 1 kW PEP on 80 meters.
