

MIRAGE B-2518G

2 M. LINEAIR | PREAMP
OUTPUT 160 W

The Mirage B-2518G linear amplifier gives you 160 Watts of output power for just 25 W in from your base/mobile rig! The low noise 20 dB GaAsFET preamp with an excellent 1 dB noise figure for pulling out weak signals.

The B-2518G is protected against high VSWR, high level input and reversed polarity.

Power curve

Input 3 W : Output 30 W
Input 5 W : Output 56 W
Input 10 W : Output 111 W
Input 15 W : Output 135 W
Input 25 W : Output 160 W

Specifications

Frequency : 144-148 MHz
Modes : FM, SSB, CW
RX Low Noise Preamp : yes - 14, 8 or 5 dB (internally adjustable)
Consumption : 30 A max.
Supply voltage : 13,8 VDC
Connections : SO 239
Dimensions : W 140 x D 305 x H 76 mm
