

INCOTECH AZZ22-J2

SURVEILLANCE EARPIECE | PROFESSIONAL QUALITY

The Incotech AZZ22-J2 security earpiece has an acoustic tube for comfortable audio. To gain more strength, Kevlar has been added to the PU cable.

If you plug in the AZZ22 in a speaker/microphone, noise from surroundings will decrease. This earpiece is very convenient for patrol, security personnel in hotels, conference locations, restaurants etc.

- Low profile
- Flexible, clear coiled wire

Specifications
