

SPS-9600

SWITCHING POWER SUPPLY DIGITAL | 3-15 VDC | 60 A CONT.

- Switching power supply, super lightweight.
- Metal, softline housing.
- Has separate V- and A-meter (digital)
- Binding posts on backside max. 60 A | on frontside max. 5 A
- Protection modes include HF, short circuit, high temperature.
- Has internal, temperature controlled fan.

Specifications

Input voltage : 230 VAC/50 Hz (fuse on backside)
Output voltage : 3-15 VDC, adjustable
Current : 60 A continuous
Ripple and noise : < 50 mV
Load regulation : < 200 mV
Line regulation : < 50 mV
Dimensions : B 220 x H 110 x D 360 mm
Weight : approx. 5,8 kg
