

KPS30SW

**SWITCHING POWER SUPPLY
ANALOGUE | 9-15 VDC |
25 A CONT.**

Features

- Switching power supply, super lightweight
- Metal housing
- Has switchable V-/A-meter (analogue)
- Frontside has cigarette lighter plug (max. 10 A)
- Extra output on the front max. 3 A
- Protection modes include HF, short circuit, overload, high temperature
- Has internal, temperatur controlled fan.

Specifications

Input voltage : 220 VAC \pm 10% | 50 Hz

Output voltage : 9-15 VDC, adjustable | Fix on 13,8 VDC with switch on backside

Output voltage tolerance : < 2%

Output ripple/noise : < 80 mVp-p

Current : 25 A continuous | 30 A max.

Fuse : F5A250V

Dimensions : W 190 x H 70 x D 215 mm

Weight : approx. 2,3 kg
