

# KPO DG-103

## DIGITAL HIGH POWER SWR/POWER METER 1,6-60 MHZ

The new KPO DG-103/strong> is a high quality digital high power SWR/Power meter for accurate measuring of forward power, reflected power and SWR on HF and 50 MHz. The meter handles max. 1,2 kW and has a large 3,5" LCD display with backlight. For use with analogue radios only. No DMR, C4FM.

### Specifications

Frequency range : 1,6-60 MHz  
Type meter : digital  
Technical construction : SMD  
Power range : 300 mW-300 W / 300 W-1200 W  
Max. power : 1200 W  
Min. power input SWR : 300 mW  
Accuracy : 1,6-30 MHz:  $\pm 5\%$  / 30-60 MHz: 10-15%  
Impedance : 50 Ohm  
Voltage : 12 V (DC cable is included)  
I/O connectors : 2 x PL-female (SO 239)  
Dimensions : W140 x H84 x D122 mm  
Weight : 590 g
