

MFJ 801

FIELD STRENGTH METER

MFJ 801 Field Strength Meter

This easy-to-use MFJ antenna meters show the strength of the actual field being radiated from your antenna.

You can use it to determine the basic radiation pattern of your antenna and see which direction your signal is strongest. You can make changes to your antenna and instantly know if it radiates better or worse. You can compare one antenna to another find out which HT antenna radiates the strongest signal?

Specifications
