

LDG IC-2000

INTERFACE CABLE LDG TUNERS WITH YAESU FT-2000

12 inch cable interface between Yaesu FT-2000 radio and tuner. Does not supply DC to tuner.

Works with:

- Z-100(Plus)
 - Z-11Pro(II)
 - AT-100Pro(II)
 - AT-200Pro
- and other generic LDG tuners.

Functionality:

Pressing the tune button on the tuner changes the mode of the radio to CW, tunes, then returns the radio to the previous mode.
