

ITA RF CHOKE II

RF ISOLATOR

The RF choke will reduce or eliminate stray RF often found on coax. This stray RF can cause burns and other problems with electronic equipment in ham-shacks and vehicles. Stray RF also results in a loss of radiated power from the antenna, which will lead to a great reduction in signal strength.

The RF Isolator is a 1:1 Current Balun designed to be placed in line with a 50-Ohm coax. The RF Isolator is effective from 1.8 to 30 MHz.

Specifications

Frequency range : usable between 1,8 and 30 MHz

Max. power : 800 W PEP

Connectors : 1 x SO 239+ 1x RG 58/PL-259 pigtail

Dimensions : \varnothing 60 x 88 mm

Article id: ITA RF CHOKE II

Price: € 52,00

ex VAT € 42,98
