PRICE VALID UNTIL STOCK LASTS

PMR Handheld Transceiver (2 Channels)

BUILT TO LAST, BUILT TO WORK!

The IC-F15/S series is designed to provide simple operation for everyone but is a powerful and reliable radio for your daily business. Its very durable construction is resistant to shock and vibration. The IC-F15/S series will easily exceed your expectations.

Tough and reliable construction

The IC-F15/S series is built around an aluminum die-cast chassis and covered with a tough polycarbonate casing. This radio is built to last. Its dual slide rail securely locks the battery to the radio. The belt clip is clamped between the radio and the battery, making it nearly impossible to knock loose.

Simple operation

Having only 3 buttons, volume and channel knobs, the IC-F15/S series does not require special training to use. Positive button action for sure operation even when wearing gloves, allows you to get down to the business of communicating without fuss.

Optional board

The IC-F15/S series has an expansion socket for adding an optional board. Voice scrambler, man down and DTMF decoder features are available, depending on the installed board.

Most popular signalings built-in

Use the built-in 2-Tone, 5-Tone, CTCSS and DTCSS capabilities as standard to set up your own talk groups and quiet stand-by when others are talking.

Other features

- Wide frequency coverage in one version
- Multiple 2-Tone, Multiple 5-Tone
- Lithium-Ion battery standard
- LED low battery alert
- TOT function and lock out penalty timer
- 2 step power saver
- Normal and priority scan
- 500 mW loud and clear audio
- Optional VOX headset for hands free operation
- Embedded ESN (Electronic serial number)
