

ICOM SP-39AD

EXTERNAL SPEAKER/POWER SUPPLY FOR IC-R8600

The ICOM SP-39AD Communications Receiver Speakers. Designed specifically for use with R8600 Communications Receiver, you may optimize your received audio with the ICOM SP-39AD.

These are incredibly great-sounding speakers that feature distinctive styling to exactly match your superb R8600 receiver. A nice ICOM design touch was to include a dedicated R8600 power supply right in the speaker housing!

Top-of-the-line base station speakers improve listening and intelligibility. They may remove some of the strain of chasing weak signals or sorting out pileups. That will reduce operator fatigue.

Specifications

Input Voltage : 100-240 VAC 50/60 Hz
