

WCS-9700 USB

PROGRAMMING KIT ICOM IC-9700

WCS-9700 Programming software makes it easy to manage memory channel information and other menu settings of your ICOM IC-9700.

System requirements

- Windows 7 (32 or 64 bit), Windows 8 and 8.1 (full version) or Windows 10
- Internet connection
- USB connection

Contents:

- Software License Windows, incl. serial number
- Programming cable RT-42 USB 2.0-A <=> USB 2.0-B; length 1,8 m.

Important! First read existing programming in transceiver and save it on your hard drive before you change the programming. In case of problems, you can always read the original programming again.
