

# PLASTIDIP SPRAY RED

## RUBBER SEAL/ISOLATION

The original Plasti Dip® made in U.S.A. is an air dry, synthetic multi-purpose rubber coating that can be easily applied by spraying, brushing or dipping. Plasti Dip® resists moisture, acids, abrasion, weathering, electrical shock, skidding/slipping, corrosion; coats and gives a comfortable, controlled, color coded grip to all types of tools: lawn and garden, mechanical, electrical, woodworking, and masonry.

Plasti Dip® is not just for tool handles. It can also be applied to:

Wood : seals and protects from weathering and prevents splinters  
Metal : reduces vibration, deadens sound, prevents corrosion, insulates electrically and from extreme temperatures  
Glass : shatterproofs glass objects (available in clear)  
Rope/Fabrics : weatherproofs, prevents rotting and fraying  
Plastics : protects delicate surfaces from scratches  
Rubber : weatherproofs, wear resistant  
Tools : gives color coded grip to all types of tools  
Maps : weatherproofs, tear resistant (available in clear)

Flexible, air-dry synthetic rubber coating, that can be easily applied by spraying. Spray the desired number of layers. Let the coating dry for approx. 4 hours.

The spray is extremely suitable for less accessible spots. Content: 325 ml.
