

PLASTIDIP SILVER METALIZER 3,79 L

ADD A SHIMMERING, GOLD OR SILVER METALLIC FINISH TO YOUR PLASTIDIP COATING!

PlastiDip Enhancers are specially designed to make the already-outstanding Plasti Dip home solution even better. The enhancers are easy to use and will give any Plasti Dipped item a unique look.

Both original and spray-on PlastiDip are available in a number of ready-made colors, and the Create Your Color Kit allows you to mix PlastiDip in any hue you can imagine. Now, with PlastiDip Metalizer, you can further customize the colors of your PlastiDip projects. Available in Gold and Silver, PlastiDip Metalizer adds a shimmering, metallic finish while letting the color of the PlastiDip underneath show through.

PlastiDip Metalizer Gallon (3,79 L) cans are available in gold and silver. They apply quickly and easily. Using Plasti Dip Enhancers couldn't be easier; the results couldn't be better.

PlastiDip Enhancers are formulated to bond with the unique chemical structure of cured PlastiDip for superior adhesion and long life. PlastiDip Enhancers are not recommended for use on any other surface.

See product labels for further information.

You want a nice aluminum PlastiDip finish. If so, you can spray the clear PlastiDip, then spray a coat of Silver Metalizer, then apply another coat of clear Plasti Dip Spray; now you have an aluminum finish.

Suitability for application, and performances of finished goods coated with PlastiDip, is the sole responsibility of the customer and end user. Product and item design, pre-treatment, coating conditions, quality assurance and conditions of product end use, are among the factors that affect performance of the coated products, and are outside the control of ClassicInternational. Classic International expressly denies specific or implied warranties, including warranties for fitness for a particular use or purpose.
