PlastiDip Enhancers are specially designed to make the already-outstanding PlastiDip home solution even better. The enhancers are easy to use and will give any PlastiDipped item a unique look. High Gloss Top Coat is perfect for use with effect pigments or as a high gloss layer over your existing finish. Plasti Dip developed High Gloss Top Coat to provide a harder more durable finish than standard glossifier. This new formula is more rigid than standard Plasti Dip but gives you improved scratch and scuff resistance.

With PlastiDip High Gloss Top Coating you can give any PlastiDipped item a glossy, polished look. PlastiDip Gloss Coating is ideal for automotive applications, crafts, and many more uses.

PlastiDip High Gloss Top Coating is available in cans of 3,79 L (1 Gallon). They apply quickly and easily with a spray gun. No dilution necessary. Using PlastiDip Enhancers couldn't be easier; the results couldn't be better.

PlastiDip Enhancers are formulated to bond with the unique chemical structure of cured PlastiDip for superior adhesion and long life. PlastiDip Enhancers are not recommended for use on any other surface.

Applying High Gloss Top Coat takes a little more finesse and skill than normal Plasti Dip. See product labels for additional information. High Gloss Top Coating contains Toluene. According to EU-Regulations only for commercial users.
