

DYC DEEP SEA BLUE DIPPEARL SPRAY

GIVES THE PLASTIDIP BASE A NICE COLORFUL FINISH!

The DipYourCar PlastiDip Deep Sea Blue Pearls Spray is exclusively manufactured for DipYourCar in U.S.A. by Plasti Dip® International, offering the same quality and dependability you expect from all other original Performix Plasti Dip products.

Perfect for wheels, trim, emblems and small surfaces.

- Dip Pearl Aerosols must be sprayed over a base of Plasti Dip®.
- The color of your base will affect the final finish and color outcome. Product images shown have a black base.
- 4 Wet coats is standard; the more coats applied, the more opaque the effect.
- 3 cans typically needed per set of 4 standard wheels (up to 21").
- Finish is satin by default, final coats of Plasti Dip Glossifier can be applied to increase gloss if desired.
- For best results, apply DipCoat™ protective spray to wheels after drying is complete.
