

PLASTIDIP SPRAY SMOKE MATTE

CREATES TRANSLUCENT, BLACK-GRAY COLOR

PlastiDip Smoke is a special formulation with a translucent, black-gray color. It's distinctive look is great for automotive projects and 1,001 other uses. PlastiDip Smoke will give your custom car—or any project—a one-of-a-kind look.

Unique among PlastiDip varieties, PlastiDip Smoke's color changes gradually as more coats are added. After just one or two coats, it's a light, smoky gray. Each additional coat gives PlastiDip Smoke a darker, deeper hue—from gray to charcoal to black, all with the same distinct smokiness.

Like all types of PlastiDip, PlastiDip Smoke creates a protective coating that protects against abrasion, corrosion, mild impact, and the elements. It can be applied to nearly any substrate surface, and creates a soft, rubbery, easy-grip surface.

PlastiDip Smoke is available in 11-oz. aerosol cans for fast, convenient application. Just shake it up and spray it on. It's never been easier to add unrivaled style and protection to any DIY project.

See product labels for further information.
