

# PLASTIDIP SPRAY CAMO BROWN

## PLASTI DIP CAMOUFLAGE BROWN

Plasti Dip Camo is a special collection of Plasti Dip colors designed to match the many shades of nature. Plasti Dip Camo will help keep your hunting and fishing gear, camping equipment, and other outdoor gear inconspicuous when you are in the wild—or your own backyard.

Plasti Dip Camo is available in four unique Earth-tone colors: Green, Tan, Brown, and Black. These specially formulated colors will give your tree stand, duck blind frame, or the stock of your hunting rifle a camouflage look to help you blend in with your surroundings. You can use it to give your boat, trailer, or even your whole car or truck a one-of-a-kind camouflage coating. Any way you use it, Plasti Dip Camo will keep you better hidden from your chosen prey, making it easier to bag The Big One!

No matter what color(s) of Plasti Dip Camo you use on your gear, the coated items will gain a soft, rubbery, easy-grip surface. This cushioned grip will surely be welcome when you're lugging your gear across prime deer hunting country or setting off on a camping trek through the north woods. And, Plasti Dip Camo will give your outdoor gear protection from impact, abrasion, and the elements.

If the coating gets damaged or wears out, if you want to give your equipment a thorough deep-cleaning, or if you just want to change the look, Plasti Dip Camo will peel off easily from most surfaces, leaving the item underneath in its original, pre-Dipped condition.

Plasti Dip Camo is available in 325 ml aerosol cans. Just shake it up and spray it on for quick and easy application. There's no better, simpler way to prepare your gear for the great outdoors!
