

BALCONY STAND 125 X 85 CM - KIT

FOR TILES 60 X 40 CM

This heavy-duty balcony stand 125 x 85 cm is suitable as a base on a flat surface for a free-standing arrangement of a.o. antennas. 4 Pcs. of paving tiles 60 x 40 cm (approx. 25 kg/piece) will fit into the framework, which then provide sufficient counterbalance for a stable arrangement of middle size antennas. If more counterweight is desired, several tiles can be stacked.
