

PLASTIDIP SPRAY CHAMELEON

GREEN/BLUE, TURQUOISE/SILVER AND KALEIDOSCOPE

New from PlastiDip!. PlastiDip Chameleon Green/Blue and PlastiDip Chameleon Turquoise/Silver. The new Chameleon coatings provide a color-changing effect depending on the light and the viewangle. With Chameleon Green/Blue color gradually changes from green to blue and with the Chameleon Turquoise/Silver from Turquoise to Silver.

PlastiDip Chameleon colors are specially designed to make the already-outstanding Plasti Dip home solution even better will give any Plasti Dipped item a unique look.

The best color changing effects are achieved with three wet coats of Chameleon coating over a black or dark base color PlastiDip make.

The Chameleon colors are available in a spray can of 325 ml and can be installed quickly and easily and give great results. Coverage approx. 4,6 m2 per can.

PlastiDip Chameleon Enhancers are formulated to bond with the unique chemical structure of cured PlastiDip for superior adhesion and long life. PlastiDip Enhancers are not recommended for use on any other surface.

See product labels for further information.

Suitability for application, and performances of finished goods coated with PlastiDip, is the sole responsibility of the customer and end user. Product and item design, pre-treatment, coating conditions, quality assurance and conditions of product end use, are among the factors that affect performance of the coated products, and are outside the control of ClassicInternational. Classic International expressly denies specific or implied warranties, including warranties for fitness for a particular use or purpose.
