

PLASTIDIP VLP

FOR REPAIR VINYL/LEATHER

VLP - Vinyl And Leather Repair Kit

VLP is a clear, high strength, flexible adhesive, designed to mend rips, tears and small holes on most types of flexible vinyl and leather surfaces.

This air dry formula dries clear and blends with colored materials and is easy to use for vinyl and leather repair. VLP is supplied in an easy to use air dry formula that dries clear and blends with all coloured vinyl. VLP actually dissolves the surface of the vinyl and creates an excellent bond when completely dry. On porous fabrics, VLP creates an excellent mechanical bond, by penetrating the pores of the material. A repair made with VLP is stronger than the original vinyl and leather material.

Available in 1-oz Tube Carded and 12-oz Can.

VLP is typically used on:

- Vinyl furniture
- Awnings, tarpaulins
- Vinyl sheeting
- Luggage
- Rain wear
- Boots
- Air mattresses

How to use

Surface must be clean and dry. For best results avoid direct sunlight, high humidity or breezy conditions.

Small Holes/Tears

Apply small amount of VLP to damaged areas. Allow 2 hours minimum dry time.

Long Tears

- Pull repair together.
- Using masking tape, stitch together every 1-2".
- Apply ½" bead of VLP to uncovered areas.
- Allow 30 minutes to dry.
- Carefully remove tape.
- Apply ½" bead of VLP along entire repair area.
- Allow 4 hours minimum, dry time before use.

Test product in inconspicuous area.

Tip: Do not smear VLP on dyed materials as it may cause discolor. Use rubbing alcohol to clean vinyl surfaces. Allow overnight drying whenever possible before use.
